

# COMMUNITY ALCOHOL & DRUG SERVICE WHEATBELT

A free comprehensive alcohol and  
drug service. (08) 9621 1055

COMMUNITY  
ALCOHOL & DRUG  
SERVICE  
WHEATBELT

The Holyoake Wheatbelt Community Alcohol and Drug Service (WCADS) aims to reduce alcohol and other drug related harm through counselling and support services for individuals, families and the community.

Our experienced counsellors work closely with each person to ensure they receive maximum benefit in a safe, confidential and caring environment. This includes the opportunity to share experiences without being judged and to gain valuable skills to work through individual challenges.

Our main office is situated in Northam, with branch offices in Narrogin and Merredin. In addition, we operate outreach sites in a number of towns in the Wheatbelt region. These include, but are not limited to, Moora, Gingin, York, Goomalling, Wongan Hills, Brookton, Kellerberrin, Wagin and surrounding areas.

The Holyoake Wheatbelt Community Alcohol and Drug Service acknowledges Aboriginal people as the traditional custodians of Western Australia.

## **Our Services**

### **Counselling and Support**

We offer counselling and support to people who may be experiencing problems with their own or someone else's substance use. Individual counselling is available along with specially designed programs to assist individuals and their families to cope with the consequences of alcohol and other drug use. Our team provides specialised counselling and support for:

- Individuals
- Significant others
- Families
- Youth

### **Court Diversion Programs**

Specialised Court Diversion Officers attend court in Northam, Narrogin, and Moora. They support people who may wish to participate in programs such as the Pre-sentence Opportunity Program (POP), Supervised Treatment Intervention Regime (STIR) and Young Persons Opportunity Program (YPOP).

## Youth Counselling

Our team offers young people valuable information, counselling and education about the effects of alcohol and other drugs. We support and empower them to make informed choices and decisions.

## Building Resilience Through Play (B RTP)

The B RTP program is specially designed for children aged 5-15 years who are impacted by the alcohol and other drug use of other members in the family. It provides a safe approach to express what they are feeling.

## Men's and Women's Groups

We offer confidential and non-judgemental men's and women's groups to support the journey of individuals experiencing issues arising from alcohol and drug use.

## Referral to other Agencies

Our team may refer clients to other specialised services either locally and outside the Wheatbelt region for services such as specialised detoxification units and residential rehabilitation.
